

BRUSH & ROOT GRAPPLE

Made from High Strength Steel for Long Lasting Durability

MADE IN USA

- ✓ Two heavy-duty grapple arm assemblies with protected 3000 psi, 2" hydraulic cylinders, close independently for better load control
- ✓ Grapple arms open to 37" to accept large loads
- ✓ Low profile for greater operator visibility
- ✓ Heavy-duty 1/2" wide teeth have gussets for added strength, and serrated tips to help grip and hold load
- ✓ Steel reinforcement bar acts as a clearing bar when skimming along the ground
- ✓ Universal quick-attach coupler plates standard; other coupler plates available
- ✓ Includes hydraulic hoses to connect attachment to the machine
- ✓ 67" wide
- ✓ Part # 23067RUNG (with universal quick-attach coupler plates)
- ✓ Weight 760 lbs
